The Dorm

Welcome to the Farms for City Kids Dorm – where our students socialize, study, sleep, eat, and relax during their stay at Spring Brook Farm. Constructed in 1994 and updated in 2003, the dorm is equipped with new ventilation and heating systems, wood floors, skylight & picture windows to let all that gorgeous Vermont sunshine in. It's a safe and cozy “home away from home” for our visiting students and their school teachers.
